

## My Love

Lene Marlin

Please, come and find me, my love  
I'm ready now, to come home  
Please, come and find me, my love  
Let's leave this place, let's leave no trace

Can you hear me, my love, I'm shouting in the wind,  
Can you hear me  
Can you see me, my love, I'm drawing in the sand,  
Can you see me  
I hope that I'm still with you, as you are with me  
You always will be

Please, come and find me, my love  
I'm ready now, to come home  
Please, come and find me, my love  
Let's leave this place, let's leave no trace

Can you feel me, my love, I'm hurting so bad  
Can you feel it  
Can tell you about my thoughts, I wish that  
You were here  
Do you know it  
The time that I've had, don't need anymore  
You're the one I wait for

Please, come and find me, my love  
I'm ready now, to come home  
Please, come and find me, my love  
Let's leave this place, let's leave no trace

Please, come and find me, my love  
I'm ready now, to come home  
Please, come and find me, my love  
Let's leave this place, let's leave no trace
