

## Obiter Dicta

Leng Tch'e

Denial of censorship  
By a few  
When they say out loud  
What everyone thinks to themselves  
Trust is no one  
Not even yourself  
War forces too terrible to comprehend  
Showing no mercy for their victims  
Judge them (or) the methods they used to employ  
It's death of sedition  
Freedom  
Non-existent  
Apotheosis  
Of dictatorship  
Trust is no one
