

Public Enema #1

Leng Tch'e

Suppress all the people !
Your dictatorship controls all the media
Brainwashing us with propaganda on tv
'coz you just want no free opinion
Only forced opinion with the gun against the head

If anyone does something wrong
He becomes a public enemy
While the real public enemy n°1
Is the dictator you worship

Well, ain't it sad
If some right-winged politician
Is the mouthpiece
Of today's generation ?

Will our generation always live
Under the suppression of dictators,
Will today's youth only breed
Some stupid right-winged neo-nazis ?

You say you have the freedom of speech
'coz it is your constitutional right
But if you want to forbid all free opinions
Then why the hell should we listen to you ?
