

# All Over Now

Lenka

Here one day gone the next  
We only hope he tried his best  
To stay on this earth a little longer  
What doesn't kill us makes us stronger

Turn out the light  
Lock the door  
Let the night take over  
Pick yourself up off the floor  
'Cause its all over now

I know you gave them your best  
But what you did with the rest  
Oh, we'll never know  
How heavy was the weight upon you?  
Too heavy for the ones who, loved you

Oh, turn out the light  
Lock the door  
Let the night take over  
Pick yourself up off the floor

Oh, turn out the light  
Lock the door  
Let the night take over  
Pick yourself up off the floor  
'Cause its all over now

You're gonna feel nothing at all  
None of the pain, none of the cause  
Into the night and none of the hounds who'd try to bring you down, oh  
...

'Cause you're gonna feel nothing at all  
Nothing at all  
Nothing at all...

Turn out the light  
Lock the door  
Let the night take over  
Pick yourself up off the floor

One last time  
Turn out the light  
Lock the door  
Let the night take over  
Pick yourself up off the floor

'Cause its all over now...
