

# Bittersweet

Lenka

Sugar cold  
And there's so much thing that we don't speak  
Hold me close, don't push me away  
Cause it's bittersweet

Tell me is it gonna be  
A future or history  
Cause loving you is hurting me  
I don't wanna be free

It's all so bittersweet  
The ground beneath my feet  
Keeps shaking  
My heart keeps breaking  
But I don't wanna give it up  
This love seems so unreal  
Well, tell me do you feel that  
The two part's taken  
No, we don't wanna give it up

Calling over give my heart to confuse you I'm falling  
We can't see the forest for the trees  
But I'm calling  
So give me something good to taste  
A lot of love and little pain  
Give me joy and be brave  
I wanna do it all again

It's all so bittersweet  
The ground beneath my feet  
Keeps shaking  
My heart keeps breaking  
But I don't wanna give it up  
This love seems so unreal  
Well, tell me do you feel that  
The two part's taken  
No, we don't wanna give it up

No, we don't wanna give it up  
No, we don't want the heart to stop  
Now take the bitter with the sweet  
Cause this is our reality (bitter to sweet)

It's all so bittersweet  
The ground beneath my feet  
Keeps shak-ing  
Heart keeps break-ing

It's all so bittersweet  
The ground beneath my feet  
Keeps shaking  
My heart keeps breaking  
But I don't wanna give it up (I don't wanna give it up)  
This love seems so unreal  
Well, tell me do you feel that  
The two part's taken  
No, we don't wanna give it up
