Lenka

Here is the lock, here is the key
Open it up, set yourself free, free, free, free
Moving along, singing a song
Fly like a bird, liberate me, me, me, me

Say goodbye to yesterday, let go of every way
I held myself under

'Cause I'm free, I'm free, free, free
And all I see is the open road in front of me
Yeah, I'm free, I'm free, free, free
I want to be the happiest that I can be

Ooh
Ooh

Life is a game I'm hoping to play
Moving the pieces every day, hey hey hey
Take all the chains, throw 'em away
Nothing's gonna get in my way, hey hey hey

Say goodbye to yesterday, let go of every way
I held myself under

'Cause I'm free, I'm free, free, free
And all I see is the open road in front of me
Yeah, I'm free, I'm free, free, free
And I want to be the happiest that I can be

One, two, it's time for you
Three, four, to open the door
Five, six, for heaven's sake
Seven, eight, don't be late

Ooh

'Cause I'm free, I'm free, free, free
And all I see is the open road in front of me
Yeah, I'm free, I'm free, free, free
I want to be the happiest that I can be

Ooh
Ooh
Ooh
Ooh

Here is the lock, here is the key

Here is the lock, here is the key
