

# Goodbye Beautiful Day

Lenka

Goodbye, beautiful day  
What can I say?  
Let's do it again sometime  
Good life, wasn't it grand?  
We had a blast  
See you tomorrow, sun

I didn't accomplish much  
I didn't follow my New Year's Resolution  
It didn't go to plan  
But nothing ever does when it's full of passion  
I feel strangely at ease  
Like this was meant to be  
And now, the day is done  
My mind sets with the sun

Goodbye, beautiful day  
What can I say?  
Let's do it again sometime  
Good life, wasn't it grand?  
We had a blast  
See you tomorrow, sun

Goodbye, beautiful day  
Goodbye, beautiful day  
Goodbye, beautiful day  
Goodbye, beautiful day

Looking around the room  
All I see are the faces of contentment  
Didn't we do it up?  
Didn't we have our doses of adventure?  
I once wanted it all  
To rise to battle, to fall  
But now the day is done  
I think that we won

Goodbye, beautiful day  
What can I say?  
Let's do it again sometime  
Good life, wasn't it grand?  
We had a blast  
See you tomorrow, sun

Goodbye, beautiful day  
Goodbye, beautiful day  
Goodbye, beautiful day  
Goodbye, beautiful  
Beautiful, beautiful day
