

# Ivory Tower

Lenka

I built a ten foot wall  
I was afraid of feeling vulnerable  
Oh...Oh  
I would deny it all  
Unless you come for my Rapunzel

You can be anything you see  
You want to feel the same as me  
But oh oh...oh it's a messed up town  
Say what you want and burn it down  
Ah...Oh

I'm all alone in my ivory tower  
I'm gonna stay till the final hour  
I'm all alone in my ivory tower  
Till it crashes to the ground

Till it crashes to the ground

I know your heart is torn  
I know you see the difficulty  
Do you save yourself  
Or do you like humanity

You can breath if the air is clean  
You want to know it's what it seems  
Well oh oh...oh I think it's upside down  
Yeah it's a tunnel and I'm underground

I'm all alone in my ivory tower  
I'm gonna stay till the final hour  
I'm all alone in my ivory tower  
Till it crashes to the ground

I'm all alone in my ivory tower  
I'm gonna stay till the final hour  
I'm all alone in my ivory tower  
Till it crashes to the ground

Crash to the ground  
Crash to the ground  
My heart is fragile my spirit is weak  
You can hardly blame me if I'm made of ivory (ivory)

I'm all alone in my ivory tower  
I'm gonna stay till the final hour  
I'm all alone in my ivory tower  
Till it crashes to the ground

I'm all alone in my ivory tower  
I'm gonna stay till the final hour  
I'm all alone in my ivory tower  
Till it crashes to the ground
