

# Okay

Lenka

You walk the line, it's alright, it's okay  
It's a life, baby you're okay, honey you're okay  
It's all in your head, could be said, left for dead  
Oh what a life but it's okay, I know I'm okay

You tell me that we're living in the golden era  
And everything's fine

Yeah I'm okay, baby I'm alright  
I wasn't with it for a minute  
But now I'm fully in it  
It's okay, you can be sure that  
I wouldn't miss a single minute  
Cause I'm okay, I'm okay

It could be over  
It could be less than just okay  
But I guess it's okay  
You never know how you feel  
Could be worse, don't you know  
That it's okay, oh honey it's okay

You tell me that we're living in the golden era  
And everything's fine

Yeah I'm okay, baby I'm alright  
I wasn't with it for a minute  
But now I'm fully in it  
It's okay, you can be sure that  
I wouldn't miss a single minute  
Cause I'm okay  
Yeah I'm okay, baby I'm alright  
You've got a life that's there for living  
And love that's there for giving  
It's okay, you can be sure that  
We're gonna keep the lights a burning  
Cause I'm okay, we're okay

It's a lot to keep your head up high, eyes on the prize  
Okay, let's appreciate how precious life is, let's have a slice  
It's okay to feel what you feel

But I feel okay, baby I'm alright  
I wasn't with it for a minute  
But now I'm fully in it  
It's okay, you can be sure that  
I wouldn't miss a single minute  
Cause I'm okay  
Yeah we're okay, baby, we're alright  
You've got a life that's there for living  
And love that's there for giving  
It's okay, you can be sure that  
We're gonna keep the lights a burning  
Cause I'm okay, we're okay
