

Silhouette

Lenka

I feel nothing real
Nothing comes to mind
I feel nothing real
Maybe you could take a dive

Deep like the river of dark night stars
Shallow as a shadow of flame

I 'ain't nothin but a silhouette
A paper thin picture with a vignette
Smoke me up baby like your cigarette
I'm fading as fast as the sunset

Nothing can hurt it did before
Nothing can touch me' cause I
'Ain't nothin but a silhouette, silhouette
Nothin but a silhouette, silhouette

I knew I was losing it for real
Bursting at the seams
I knew I had to break the seal
I was living someone else's dream

Not deep like a river of dark night stars
I'm shallow as a shadow of flame

I 'ain't nothin but a silhouette
A paper thin picture with a vignette
Smoke me up baby like your cigarette
I'm fading as fast as the sunset

Nothing can hurt it did before
Nothing can touch me' cause I
'Ain't nothin but a silhouette, silhouette
Nothin but a silhouette, silhouette
'Ain't nothin but a silhouette, silhouette
Nothin but a silhouette, silhouette

How can you ask why?
When I'm so clearly visible to the
Naked eye, I am a spirit

'Ain't nothin but a silhouette, silhouette
Silhouette, silhouette
Silhouette, silhouette
Silhouette, silhouette

I 'ain't nothin but a silhouette
A paper thin picture with a vignette
Smoke me up baby like your cigarette
I'm fading as fast as the sunset

Not deep like a river of dark night stars
I'm shallow as a shadow of flame

Nothing can hurt it did before
Nothing can touch me' cause I

'Ain't nothin but a silhouette, silhouette
Nothin but a silhouette, silhouette
'Ain't nothin but a silhouette, silhouette
Nothin but a silhouette, silhouette
