

Slow Lane

Lenka

It's too fast and it's only speeding it up
It's too loud when the bottle goes pop
It's too much and we can't keep up
So don't rush, take a break from it all

Life in the slow lane
Being a Sunday driver all day
Living it up, lay em down
Doing our best to do nothing today

Tick tock, goes the clock up on the wall
Don't stop, speed it up a little more
Hop hop, turn the wheel around or
Jump off, put the breaks on it all

Life in the slow lane
Being a Sunday driver all day
Living it up, lay em down
Doing our best to do nothing today

So forget the calendar, just lay back
Life will go on
No need to count it out, baby
Steady and slow wins the race

Doing our best (Doing our best)
Doing our best (Doing our best)
Doing our best (Doing our best)
Doing our best (Doing our best)
Doing our best (Doing our best)
Doing our best (Doing our best)
Doing our best to do nothing today

Life in the slow lane
Being a Sunday driver all day
Living it up, lay em down
Doing our best to do nothing today
