

Sweet Time

Lenka

I only go where the light is low
I strive for the places where time moves slow
It feels so real to just let go
And make each moment slide
And take my sweet time

Life wasn't easy, you told us so
You fought all your battles and lost the most
You need to heal and just let go
And make each moment slide
And take your sweet time

Sweet, sweet time
Sweet, sweet time
You've got to take
Your sweet, sweet time
Sweet, sweet time
Sweet, sweet time
You've got to take
Your sweet, sweet time

I want to go where the water's cold
Where time is elastic and tales are told
The need to feel, it won't let go
So make each moment slide
And take my sweet time

This might be all that we ever know
This feeling of falling into the flow
It feels so real to just let go
And make each moment slide
And take our sweet time

Sweet, sweet time
Sweet, sweet time
We've got to take
Our sweet, sweet time
Sweet, sweet time
Sweet, sweet time
We've got to take
Our sweet, sweet time

Take my hand
You're falling apart and it shows
So take your time
As sweet as it is
We only get one shot at this

Sweet, sweet time
Sweet, sweet time
We've got to take
Our sweet, sweet time
Sweet, sweet time
Sweet, sweet time
We've got to take
Our sweet, sweet time

Sweet, sweet time
Sweet, sweet time
We've got to take
Our sweet, sweet time
Sweet, sweet time
Sweet, sweet time
We've got to take
Our sweet, sweet time
