

Blacklight

Lennon Stella

Turn the camera off, I'm not okay
Oh, if I could drive, I'd drive away
We've been drinking for hours, we've had enough
For a minute, I just wanna be alone
I just wanna be alone

Now I'm fucking sensitive, reading into what you say
This is why I'm holding you under the blacklight
Maybe this is chemical, maybe I should let it go
Too afraid of what I might find that you've been hiding
Now I'm fucking sensitive
Now I'm fucking sensitive

You don't always have to make a scene
Do you know how much it's killing me?
They say that I'm dramatic, it's in my head, no
Made me crazy, I just wanted to believe you
Wanted to believe

Now I'm fucking sensitive, reading into what you say
This is why I'm holding you under the blacklight
Maybe this is chemical, maybe I should let it go
Too afraid of what I might find that you've been hiding
Now I'm fucking sensitive
Now I'm fucking sensitive

Thought we were worth it but no one deserves this, I'm tired
I've been here hoping but this is too broken, we tried

Now I'm fucking sensitive, reading into what you say
This is why I'm holding you under the blacklight
Maybe this is chemical, maybe I should let it go
Too afraid of what I might find that you've been hiding
Now I'm fucking sensitive
Now I'm fucking sensitive
