

# Bubble

Lennon Stella

Up high, in my bubble I'm floating  
So light, I'm a baby you're holding  
Far away, I can fly away  
I climb into my bubble, it can't be broken

Up high, in my bubble I'm floating  
So light, I'm a baby you're holding  
Far away, I can fly away  
I climb into my bubble, it can't be broken

Up high

There's no floor and there's no ceiling  
There's no trying and no reaching  
Air like water is what keeps me  
Keeps me

Up high, in my bubble I'm floating  
So light, I'm a baby you're holding  
Far away, I can fly away  
I climb into my bubble, it can't be broken

Up high, in my bubble I'm floating  
So light, I'm a baby you're holding  
Far away, I can fly away  
I climb into my bubble, it can't be broken

Up high

With everything I've seen now  
I can never come down  
Oh  
Everything I've seen now  
I can never come down

Up high, in my bubble I'm floating  
So light, I'm a baby you're holding  
Far away, I can fly away  
I climb into my bubble, it can't be broken

Up high, in my bubble I'm floating  
So light, I'm a baby you're holding  
Far away, I can fly away  
I climb into my bubble, it can't be broken

Up high

Dans ma bulle, je flotte  
Tu me tiens comme un bébé  
Je peux m'envoler  
Je monte dans ma bulle et je ne peux pas être brisée
