

# Every Time You Go Away

Lennon Stella

Hey, if we can solve any problem  
Then why do we lose so many tears?  
Oh, so you go again  
When the leading man appears

Always the same thing  
Why can't you see  
We've got everything  
Going on and on and on

Every time you go away  
You take a piece of me with you  
Every time you go away  
You take a piece of me with you, ooh

Go on and go free  
Maybe you're too close to see it  
I can feel your body move  
It doesn't mean that much to me

I can't go on saying the same thing  
Why can't you see  
That we've got everything  
Do you even though you know

Every time you go away  
You take a piece of me with you  
Every time you go away  
You take a piece of me with you

Every time you go

Every time you go

I can't go on saying the same things  
Baby can't you see  
That we've got everything  
Going on and on

Every time you go away  
You take a piece of me with you  
Every time you go away  
You take a piece of me with you

I'm just looking at the pieces  
Every time you go away, be careful  
'Cause you take a piece of me with you

Every time you go away  
You take a piece of me with you  
Every time you go away  
You take a piece of me with you

Every time you go away

Every time you go
