

# Big Tires

Lenny Cooper

Big tires, big tires  
I got some big tires, 54's coming down the road  
Got the hammer down hear my truck roar  
Tires so loud, people saying good lord  
You can hear me from miles away,  
In a mud hole's where I stay  
Come and play but some things are required  
You gotta have a big truck and some big tires

Lookout it's the monster truck  
Revin' up, they get the crowd pumped  
These big tires getting caked up  
Holding off the line making deep ruts  
We take it serious, this ain't a game  
These trucks gone wild man it's insane  
Stack through the hood, blowing flames  
Slinging rooster tails as high as air planes  
We getting loose, we're a crazy gang  
Trucks lined up like a crazy train  
This is what we do there ain't no stopping us  
Driving over cars in out big trucks  
It's now or never just sky's the limit  
Jack them up is how we living  
If you don't feel it then you wanna ask why just something about a big truck  
and big tires

Big tires, big tires  
I got some big tires,  
54's coming down the road got my hammer down hear my truck roar  
Tires so loud, people saying good lord  
You can hear me from miles away,  
In a mud hole's where I stay  
Come and play but some things are required  
You gotta have a big truck and some big tires

Call up, Rocky Ridge, tell him I need me a monster lift  
For my super swampers ya they bidders  
Tearing up the woods just like a logger  
I'm climbing rocks, straight up to the top  
I'll make you so scared ya jump out your socks  
I'm always ready, it's balls to the wall  
Sometimes there's slips and close calls  
But it's fun and that's what it's all about  
Mud bogs and wallering out,  
Riding down the dirt roads to find the spot  
Switching gears and being fully locked  
It is what it is and what I desire  
My Chevrolet can do a all nighter  
Yeah, it's big truck, damn right  
With what? You know, big tires

Big tires, big tires  
I got some big tires, 54's coming down the road  
[?] hear my truck roar  
Tires so loud, people saying good lord  
You can hear me from miles away,  
In a mud hole's where I stay

Come and play but some things are required  
You gotta have a big truck and some big tires

Big tires coming down the road,  
I'm on the way to truck show  
Now I'm on the scene and all eyes on me  
Big tires on the truck that's the real clean  
I'm big time country stunting, yeah I'm bumping, let me tell you something  
This pretty ass blonde, walks on up and says  
Excuse me but can I ride in your truck  
I said hell yeah girl, climb on up  
Now it's time to ride, it's party time  
We riding high, it's southern pride,  
A great time to shine and you to be mine  
With white tees with mud stains, raise in hell  
Doing are thing, So drop your chain and hook it on up  
To my big truck, with big tires

Big tires, big tires  
I got some big tires, 54's coming down the road  
[?] hear my truck roar  
Tires so loud, people saying good lord  
You can hear me from miles away,  
In a mud hole's where I stay  
Come and play but some things are required  
You gotta have a big truck and some big tires.
