Dig A Lil Deeper

Lenny Cooper

Sometimes I get lost
And so hard to find
Dig a little bit deeper
Just a little bit deeper
I'm sorry if I hurt you
You oughta see what's on my mind
Dig a little bit deeper
Just a little bit deeper

And yeah I've got a story
And yeah I've sang some songs
But dig a little bit deeper
Just a little bit deeper
'Cause in this life I've done some right
But I've done a lotta wrong
Dig a little bit deeper
Just a little bit deeper
That's right where I am

I've been broken
One too many times
Dig a little bit deeper
Just a little bit deeper
The struggle ain't tomorrow
It's the past I can't leave behind
Dig a little bit deeper
Just a little bit deeper

And yeah I've got a story
And yeah I've sang some songs
But dig a little bit deeper
Just a little bit deeper
'Cause in this life I've done some right
But I've done a lotta wrong
Dig a little bit deeper
Just a little bit deeper
That's right where I am

And yeah I've got a story
And yeah I've sang some songs
But dig a little bit deeper
Just a little bit deeper
'Cause in this life I've done some right
But I've done a lotta wrong
Dig a little bit deeper
Just a little bit deeper
That's right where I am

Oh-whoa, that's right where I am
That's right where I am
That's right where I am
