

# Hillbilly Dance

Lenny Cooper

Take two steps forward and one step back  
Then slide to the right and then you tip your hat  
Then you barrel roll to the left then you take two more steps  
Then bring it on back to this hillbilly dance

Come on and give it go  
Get your ass right on the dance floor  
This right here is the dance of the south  
For country boys and girls who love to get down  
It's easy to learn even if you're tipsy  
All you gotta do is listen to me  
So go 'head order a shot of whiskey  
And get on the floor and do the hillbilly

Take two steps forward and one step back (Back, back)  
Then slide to the right and then you tip your hat  
Then you barrel roll to the left then you take two more steps (Steps)  
Then bring it on back to this hillbilly dance  
Then take two steps forward and one step back (Back, back)  
Then slide to the right and then you tip your hat  
Then you barrel roll to the left then you take two more steps (Steps)  
Then bring it on back to this hillbilly dance

Giddy on up now and get in the groove  
We 'gon break it down  
To the biggest line dance you've ever seen  
Can I get a Yeehaw (Yeehaw) yeah feelin' me  
There's no more being bored just get on the floor  
This song right here you can't ignore  
It'll make you dance 'til you can't no more  
It'll damn near make you tear up the floor  
Its party time bottom line  
Grab your jar and hit up the shine  
Taste is sweet green lime or peach or grape or the best apple pie  
So bottoms up, fill up your cup  
Raise your glasses, take a sip and get out of your seat  
And get on the floor and join me for the hillbilly

Take two steps forward and one step back (Back, back)  
Then slide to the right and then you tip your hat  
Then you barrel roll to the left then you take two more steps  
Then bring it on back to this hillbilly dance  
Then take two steps forward and one step back (Back, back)  
Then slide to the right and then you tip your hat  
Then you barrel roll to the left then you take two more steps (Steps)  
Then bring it on back to this hillbilly dance

Right foot stomp the ground  
Left foot stomp the group  
Drop it down and slap the ground  
Pop back up and turn around
