

# Nightmare

Lenny Cooper

I don't feel  
Pain anymore  
It's like this nightmare  
It has a hold on me  
Somebody help me  
I feel like letting go  
I'm slowly starting to drown

I think I hear 'em comin' (shh)  
Don't make a sound  
Ghouls and goblins, even clowns  
Evil demons all around  
They keep tryin' to pull me down  
If I let go I'm gonna drown  
Bunch of zombies on the net  
Walkin' aimless through the town  
Anxiety all in my veins  
I feel the tingle on my skin  
It's like they're knockin' at my door  
But I refuse to let 'em in  
If I give in I let 'em win  
But everything is goin' numb  
Cuz I know that they wanna take  
Everything I've ever loved

I feel them creepin'  
Nightmares of dreamin'  
It's holdin' me

I don't feel  
Pain anymore  
It's like this nightmare  
It has a hold on me  
Somebody help me  
I feel like letting go  
I'm slowly starting to drown  
I'm starting to drown

I no longer feel pain  
Starting to feel like I'm insane  
It's like there's a constant war  
Going on inside my brain  
They tried to give medication  
Even tried meditation  
But the only thing it did  
Was make me feel like Freddy-Jason  
Ghosts behind me they're chasin'  
Nightmares of meeting Satan  
And right now my heart is racin'  
Is this real? hallucination?  
Crazy thoughts and temptations  
Cold vibes weird sensations  
I'm a long way from safety  
Man these walls and floors are shakin'

I feel them creepin'  
Nightmares of dreamin'

I'm starting to drown

I don't feel  
Pain anymore  
It's like this nightmare  
It has a hold on me  
Somebody help me  
I feel like letting go  
I'm slowly starting to drown

I don't feel  
Pain anymore  
I wanna go back  
To the way it was before  
I don't know why  
I feel so numb  
But I don't like the monster  
I've become

I don't feel  
Pain anymore  
It's like this nightmare  
It has a hold on me  
Somebody help me  
I feel like letting go  
I'm slowly starting to drown
