

# Rodeo

Lenny Cooper

In the back of the truck, she takin full control  
Round and round, up and down, she make them hips roll  
She likes it fast but she loves it slow  
This country girl ride the pole like a rodeo

I'm ready for the night to begin (hell yeah)  
Hop in the truck, put a sixty in the wind  
There's a field party tonight  
And you already that the cooler filled Bud Light  
Big ties and I'm ridin real tough  
Girls textin me, time to reel 'em up  
Don't know which one to pick  
All I know is I need to make my mind up quick  
Got my swag on full and I pulled up fresh  
Said these girls wanna get a piece of this redneck  
This girl walked by and caught my eye  
She workin them sexy thighs  
She waved me over with a smile  
Took my hand and said, "It's time to go."  
Threw me in the back of the truck and rode me like a rodeo

In the back of the truck, she takin full control  
Round and round, up and down, she make them hips roll  
She likes it fast but she loves it slow  
This country girl ride the poll like a rodeo

She ride the poll, that's good as gold  
She got my pimp, damn right she's sold  
See that fly guy and you know it's me  
Every day every week, we repeat  
I love it when she back it up  
I got me a bullseye free tatted up.  
Shake it like a saltshaker, freak-a-leak  
She bend over and touch her feet  
So flexible, it's amazing  
This girl right here ain't lazy  
So many things that I wanna do  
So let's get drunk and act crazy  
Up and down, side to side, round and round she love to ride  
Tie me up, take this poll, and ride me like a rodeo

In the back of the truck, she takin full control  
Round and round, up and down, she make them hips roll  
She likes it fast but she loves it slow  
This country girl ride the poll like a rodeo

In the back of the truck, she make them hips roll  
She likes it fast (fast) but she loves it slow  
This country girl ride the poll like a rodeo

In the back of the truck she takin full control  
Round and round, up and down, she make them hips roll  
She likes it fast but she loves it slow
