We don't give a what

Stand up cause it's party time
Shootin' shots, eatin' limes
Grab a bottle, turn it up
We turnt up, 'til it's burnt down
Shake it girl, made to whirl
Stop. And take a pic. Post it to Instagram
Like hot damn man, look at this
Stand up on the bar, stage dive til' daylight
Hide the keys to our cars, we're way too drunk to drive
After party out back, bring an army out
We won't stop 'til the cops come and shut this place down

I got my girls, I got my fellas
We ain't gonna do a damn thing you tell us
If you can't make it I'm sorry, don't be jealous
That's more for me so I'm screamin' "hell yes"

We don't give a what
We just do it our way
We gon' get it up
And we gon' do it all day
My fellas. Where's all my ladies?
If you wanna turn it up, we about to go crazy
We don't give a what
We just do it our way
We gon' get it up
And we gon' do it all day
My fellas. Where's all my ladies?
If you wanna turn it up, we about to go crazy

Hands up, it's time to rock
Whatcha smokin'? Whatcha drinkin'?
Listen to that beat knock
Do your thing, I can keep a secret
Uh, yeah, chug it down, grab another
Uh, yeah, hell buy a round, I gotcha covered
Uh, yeah, bring the foam out now
Throw somebody up on your shoulders
And let them surf the crowd
Let's get loud, let wild, 'til we all pass out
And if the shine is just right, I might just buy you out

I got my girls, I got my fellas
We ain't gonna do a damn thing you tell us
If you can't make it I'm sorry, don't be jealous
That's more for me so I'm screamin' "hell yes"

We don't give a what
We just do it our way
We gon' get it up
And we gon' do it all day
My fellas. Where's all my ladies?
If you wanna turn it up, we about to go crazy

We don't give a what
We just do it our way
We gon' get it up
And we gon' do it all day
My fellas. Where's all my ladies?
If you wanna turn it up, we about to go crazy

(Hahahaha, you tell 'em Lenny
Now what I need everybody to do
Is turn your drink up and crank your system up
'Cause we about to piss the neighbors off, we don't give a what
Hahahaha, that's right
And we don't mean no harm
We just out here doin' our thing the way we like to do it
So, everybody be safe
Hahahaha, cause we don't give a what? We don't give a fu-)
