

Flash

Lenny Kravitz

The opportunity's takin' me over
I'm gonna put on a mask
I've got to be outrageous for my fans
I am not gonna waste this moment
Because these moments don't last
So tonight I will shake it and show my ass

Flash
makes me feel good
Feel like a queen
And it gives me all the panache
That I want
That I need
And it'll all be over in a flash

Roll out the carpet give me some exposure
'Cause soon I'll be the past
But anyway I came here to tell you 'bout my plans
Well
Let's keep this moving while people still notice
'Cause my time's going fast
And when it's over, it's over
'Cause I've got no class
Yeah yeah yeah yeah

Flash
makes me feel good
Feel like a queen
And it gives me all the panache
That I want
That I need
And it'll all be over in a flash
