Gold Dust

Lenny Kravitz

Gold dust is falling
It's raining down
Gold dust is falling
It's raining down

The greatest love
The greatest love I've ever known
That gave us life
That cannot be bought or sold
Open your heart and free your mind
From what you've been told
Just receive your gift, begin your trip
And watch it unfold

Gold dust is falling
It's raining down
Gold dust is falling
It's raining down

The spirit thrives down deep inside
That's where it's home
So let's break the ties where evil lies
And get in the zone

Gold dust is falling
It's raining down
Gold dust is falling
It's raining down

Gold dust is falling
It's raining down
Gold dust is falling
It's raining down

Gold dust is falling
It's raining down
Gold dust is falling
It's raining down
Raining, raining, raining down...
