

Lift Me Out Of My Head

Lenny Kravitz

My mind keeps going in circles
Can you understand?
This situation is murder
I need a helping hand

Can you lift me out of my head
Before I float away?
Can you lift me out of my head?
The pain is strong
So hurry along
Before I'm dead

Some people say that I'm crazy
Sometimes I think I am
I just can't go any further
I'm sinking in the sand

Can you lift me out of my head
Before I float away?
Can you lift me out of my head?
The pain is strong
So hurry along
Before I'm dead

Before I'm dead
Yeah
Before I'm dead
Yeah
Yeah

Can you lift me out of my head
Before I float away?
Can you lift me out of my head?
The pain is strong
So hurry along
Before I'm dead, yeah

Before I'm dead
Oh yeah, yeah
Before I'm dead
Yeah, yeah, yeah
Before I'm dead
Yeah
