

Like a Jet

Lenny Kravitz

On the line in the starting position
No turning back 'cause I've made a decision
I got no time to waste; I'm moving
I'll get you any way that I can.

(Chorus:)

I'm coming through like a freight train rolling
I'm piercing through like a jet in the sky
I'm busting through like the sun in the morning
I'm gonna take you; just look into my eyes.

I'm in your face and I'm revving my engine
I got the blade, gonna make the incision
I got no time to waste; I'm moving
I'll get you any way that I can.

Chorus (2x)

I got no time to waste; I'm moving
I'll get you any way that I can.

Chorus (2x)

I'm coming through like a... JET!
I'm piercing through like a... JET!
I'm busting through like a... JET!
Yeah! Yeah! Yeah! Yeah! Yeah!
