

# Will You Marry Me

Lenny Kravitz

I wanna do this thing  
I don't want no drama mama  
It's love I bring

Oh, wait a minute  
You're out of sight  
Girl I wanna give it to you  
Let's make it right

You  
You are my life and my passion  
That never goes out of fashion  
I want to know  
Will you marry me

Hey baby  
Will you wear my ring  
You're a queen and I've been waiting  
To be a king  
Baby, baby  
Let's keep it tight  
If you want to get right to it  
Could be tonight

You  
You are my life and my passion  
My passion  
That never goes out of fashion  
Out of fashion  
I want to know  
Will you marry me  
Oh

Come on baby  
Keep it tight  
I know it's right  
I wanna have you always in my life  
Hit it

Oh yeah  
No I like that  
Do that one more time

You  
You are my life and my passion  
My passion  
That never goes out of fashion  
Out of fashion  
I want to know  
Will you marry me  
Oh

You're  
You are my favourite attraction  
Attraction  
You give me real satisfaction  
Satisfaction

I want to know  
Will you marry me  
Oh

You  
You are my life and my passion  
My passion  
That never goes out of fashion  
Out of fashion  
I want to know  
Will you marry me
