

# Release Me

Lenny

If there's a place in your heart  
Where I would not part  
Let me know

If there's a tiniest spark of hope  
A question mark  
I'll let you go

Yes we connected as much as we could  
But even the love that we had was no good

Release me  
Open my heart  
take us back to the start or just please

Release me  
Shelter my soul  
Don't you ever let go or just please  
Release me

Maybe it's over  
It might still be on  
I'm not sure

Whenever you wanted less  
I just ended up craving for more

I know that we ain't got a vow  
But I just thought that we'd make it somehow

Release me  
Open my heart  
take us back to the start or just please

Release me  
Shelter my soul  
Don't you ever let go or just please  
Release me

Maybe it's over  
It might still be on  
Release me

Release me  
Open my heart  
take us back to the start or just please

Release me  
Shelter my soul  
Don't you ever let go or just please  
Release me

Maybe it's over  
It might still be on  
Release me
