

Let It Bleed

Leo Stannard

You're up all night, you lost control
You feel your heartbeat speeding up
Something wrong
Something wrong
So hold your breath but don't be scared
You're going under and that's okay
We've all been lost
We've all been lost

You gotta feel the hurt to feel the hope
The darkness stands with light when it's time to grow
Trust in me, let it be
You know that there's an end to every storm
So if you see the rain just let it pour
Let it bleed, let it bleed, let it bleed

You're up all night, you lost control
You feel your heartbeat speeding up
Something wrong
Something wrong
So hold your breath but don't be scared
You're going under and that's okay
We've all been lost
We've all been lost

You gotta feel the hurt to feel the hope
The darkness stands with light when it's time to grow
Trust in me, let it be
You know that there's an end to every storm
So if you see the rain just let it pour
Let it bleed, let it bleed, let it bleed
