

Peaceful Place

Leon Bridges

I used to walk
On the darker side
Rain in my eyes
Rain in my eyes

Though I was stone
On the inside
I felt alone
I felt so alone

I'm in a peaceful place
I've found something no one can take away
I'm in a peaceful place now
I'm in a peaceful place now

I feel at home
Anywhere that I go
Spirit in my soul
Spirit in my soul

Woman back home
Haven't seen for a while
She makes me laugh
Still makes me smile

I'm in a peaceful place
I've found something no one can take away
I'm in a peaceful place now
I'm in a peaceful place now

I'm in a peaceful place
I've found something no one can take away
I'm in a peaceful place now
I'm in a peaceful place now

I'm in a peaceful place
I've found something no one can take away
I'm in a peaceful place now
I'm in a peaceful place
I'm in a peaceful place
