

Beautiful World

Leon Else

The doctor listened to my chest
He said I've passed all the tests
He said he thinks I'm just depressed
And I probably need some rest
And I don't got so many friends
I don't know where they went
It seems I lost them in the end
There's no one here to hear me vent

But I know it's a beautiful world
I just can't see it right now
There's amazing things waiting out there
I just can't find them right now
Though I don't wanna live life like this
The hardest advice to take is your own
But I know it's a beautiful world
I just can't see it right now

I'm walking round about to snap
My best defense is to attack
I can't control how I react
I'll do things I can't take back
I'm sick and tired of this routine
I really need to change a scene
And I'm not crazy I don't think
But I can tell I'm on the brink

But I know it's a beautiful world
I just can't see it right now
There's amazing things waiting out there
I just can't find them right now
Though I don't wanna live life like this
The hardest advice to take is your own
But I know it's a beautiful world
I just can't see it right now

But I know it's a beautiful world
I just can't see it right now
There's amazing things waiting out there
I just can't find them right now
