Black Car

Leon Else

Step into my black car
The blackest car you've ever seen
Tell me that you love me
You'll be right beside me
Taking you where you've not been
Driving in my black car
Burning up some gasoline
Set my wheels on fire
Unleash your desire
To the night crawling machine

Burn baby, burn baby
Burn baby, burn baby
Burn baby, burn baby
Burn baby, burn baby

Can you feel my heartbeat
Faster than you'll ever believe
Pretty little liar
Gonna take you higher
Than a sick fucker's wet dream
Crawl into his black car
The last time that you'll be seen
Set his wheels on fire
Selling you desire
To his night crawling machine

Burn baby, burn baby
Burn baby, burn baby
Burn baby, burn baby
Burn baby, burn baby
Burn baby, burn baby
Burn baby, burn baby

Can't you feel my heartbeat?
Can't you feel my heartbeat?
Can't you feel my heartbeat?

Burn baby, burn baby
Burn baby, burn baby
Burn baby, burn baby
Burn baby, burn baby
Burn baby, burn baby
Burn baby, burn baby
