

# When My Blue Moon Turns To Gold

Leon Russell

When my blue moon turns to gold again  
When the rainbows turn the clouds away  
When my blue moon turns to gold again  
I'll be back within your arms to stay

When the memory that lingers in my heart  
Those memories, they make [?]  
Well, someday, someday they're gonna live again, sweetheart  
And my blue moon again will turn to gold

Well, when my blue moon turns to gold again  
When the rainbows turn the clouds away  
When my blue moon turns to gold again  
I'll be back within your arms to stay

Well, when my blue moon turns to gold again  
Oh, when the rain drops turn the clouds away  
Oh, when my blue moon turns to gold again  
I'll be back within your arms to stay  
I'll be back within your arms to stay  
I'll be back within your arms to stay  
I'm coming back within your arms to stay
