

# All For Me

Leon Thomas III

Girl you know barely enough  
On the lease of the bar  
Bitching perfect blobby doll, boby doll  
Hit you up like ethico  
Taking shoots til you like ball  
Kiss you and make up take off all your clothes  
Then you cross to me (hee yeah)

Cause I'm a dog (and your)  
I catch you to fresh, baby I'm down  
Tell me when I wake up, you'll be there (yeah)  
Tonight I'll try with you (yeah), I don't want anybody else right here

I just want you to myself, I just want you to myself  
I just want you to myself, I just want you to myself  
Baby that's all for me, baby that's all for me  
Baby that's all for me, baby that's all for me, for me  
(Over, that's all for me)

Kitty, kitty don't you run play a little game that's over fun  
Know ain't over til you won, til you won  
Let me see how known good you can last  
Know I got you late just like a rash  
You can play rough don't burn the track (burn the track)  
(Good to you, yeah)

Cause I'm a dog (and your)  
I catch you to fresh, baby I'm down  
Tell me when I wake up, you'll be there (yeah)  
Tonight I'll try with you (yeah), I don't want anybody else right here

I just want you to myself, I just want you to myself  
I just want you to myself, I just want you to myself  
Baby that's all for, baby that's all for me  
Baby that's all for me, baby that's all for me, for me

I swear that I'll never get it off  
I swear that I'll take it off from you  
I swear that I'll take it off  
That's all for me, that's all for me  
That's all for me, all for me
