

Beg

Leon Thomas III

Damn Damn Damn Damn Damn

Said you want the truth, so I told you and you tripped out
When they grab the keys, now you tryna go a dip out
You been drinking Hennessy and I think that you should stay in
Baby we can work it out, girl I'm tryna stay patient

Just don't make me beg, beg
Fuck it Ima beg, beg
Got me on my knees, don't mind saying please
Baby Ima beg for it

Kissed you on your neck, then you act like you just forgot
When you saw me going down and you didn't tell me to stop
Let have a conversation
Tongue tied, no you can't say shit
Real talk no bomb fakin'
I can tell what your body cravin'

Just please don't make me beg, beg
Fuck it Ima beg, beg
Got me on my knees, don't mind saying please
Baby Ima beg for it

Oh, please don't make me beg oh oh oh beg
Fuck it Ima beg oooh beg
Got me on my knees, but please
Fuck it Ima beg for it

Every single time you tell me it's the last time
So if I let you slide, baby it's really the last time
I don't wanna read your mind
I don't wanna find the truth
Telling me the same old lies
Always the same excuse
It's just no use
You said you changed, but I just want the proof

Just don't make me beg, beg
Fuck it Ima beg, beg
Got me on my knees, don't mind saying please
Baby Ima beg for it

Baby Ima beg, beg
Baby Ima beg, beg
Baby Ima beg
Baby I'm, baby I'm... beg (beg)
