

Lone Wolf

Leon Thomas III

Ah-oh-oh
Ah-oh-oh
Ah-oh-oh

You got everything
Not an island in this world
That your toes ain't been on
Hotel beds with the rose petals on
One way flight
We've been texting for too long
Too long

Money never sleeps
Running low on Addy
Only back for the week
This is still your sanity
This shit ain't for the weak
Tables turn, I ain't ever turning cheeks
But my pockets way too steep, yeah

And I know
This gon' cost a big bag at least, I swear
If it costs me a Chanel, then that's G, I swear
All that guilt you carry, how you sleep out here
Lone wolf, everybody a sheep out here
Lone, lone wolf
Lone, lone wolf

Love ain't meant for the weak
And I left you just enough
Never want you to leave
But you just way too much
But I'm still right here
Girl, it's crystal clear
But you so cold
This how this side goes

Got me alone
Checking my phone
What is you on?
Baby, come home
Get in a thong
Let's get it on
Starting something from nothing
I'm still here when it gets ugly
And girl, you a pain but you worth it
And you don't let shit go
'Cause I know you'd be bad alone

And I know
This gon' cost a big bag at least, I swear
And if it costs me a Chanel, then that's G, I swear
And all that guilt you carry, how you sleep out here
Lone wolf, everybody a sheep out here
Lone, lone wolf
Ah-oh-oh

I am worthy of love and connection
Lone
Even when I'm by myself
Lone wolf
My solitude is a space for growth and healing
I am never truly alone
I am connected to the world around me
I honor my need for seclusion
And trust that it's part of my journey
I am strong, resilient, and capable of finding peace within myself
