

# Love Jones

Leon Thomas III

[Verse 1: Leon Thomas]

One bite cost a whole meal  
High class rich girl appeal  
Moving big bags had to learn them rich girl skills, oh  
Talking big shit  
Popping all them big girl pills  
She's a young thing  
Popping, got herself a few deals  
On the billboard  
See you when you riding on your wheels  
On Sunset, she just want a place in the hills

[Chorus: Leon Thomas]

Californication  
Yeah, I love what we continue making  
And I wanna get a little more  
Need to get a little more  
Californication  
Yeah, I love what we continue making  
And I wanna get a little more  
Need to get a little more

[Post-Chorus: Leon Thomas]

Got you love jones, love jones right here  
Girl, you stay warm like all damn year?  
Californication

[Verse 2: Ty Dolla \$ign]

Tennis chain cost a whole wheel  
Had to change my watch to match the whole fit, yeah  
Moving too fast you ran traffic standing still, oh you  
Popping big shit  
Made another eight figure deal  
We on Sunset  
She just bought a house in the hills  
On the billboard  
See you when you riding with your clique down Mel Rose  
She just wanna play all day, yeah, yeah, yeah

[Chorus: Leon Thomas & Ty Dolla \$ign]

Californication (California)  
Yeah, I love what we continue making (Take)  
And I wanna get a little more (Ooh, yeah)  
Need to get a little more (More)  
Californication (Ooh, yeah)  
Yeah, I love what we continue making (Love)  
And I wanna get a little more  
Need to get a little more
