

Moving On

Leon Thomas III

Here's a letter to my ex
I wish you the best
And there's a lotta things I gotta get up off my chest
I'm movin' to the next
Life with no regrets
Cause when I'm with you girl, I'm not at my best
I know I should have called
But I didn't wana make it hard
I know how you get when you mad
So I painted how I feel on this pen and pad

Baby by the time you get this ill already be gone, I
Be gone
Couldn't say it to ya face so I had to write it down in
This song
Ooo I'm movin' on, I'm movin' on
Without you
I'm movin' on, I'm movin' on
Without you

This letter to my ex
Figured I address
A couple of problems that a run away ya next
Like checkin' all his text and askin' where he been
I know you don't wana deal with that again
I know I should have called
But I didn't wana make it hard
I know how you get when you mad
So I painted how I feel on this pen and pad

Baby by the time you get this ill already be gone, I
Be gone
Couldn't say it to ya face so I had to write it down in
This song
Ooo I'm movin' on, I'm movin' on
Without you
I'm movin' on, I'm movin' on
Without you

No part of me wants to say good-bye in the beginning of
This sentence
(No part of me wants to say good-bye in the beginning
Of this sentence)
But this is the end
OOH this is the end
This is the end
This is the end

Baby by the time you get this ill already be gone, I
Be gone
Couldn't say it to ya face so I had to write it down in
This song
Ooo I'm movin' on, I'm movin' on
Without you
I'm movin' on, I'm movin' on
Without you
