

She's a pretty little weapon
Ooh my baby smart, and she sharp, and she sharp, yeah
Pretty little weapon
Ooh my baby smart, and she sharp, and she sharp, yeah

Left my fear right at the door (ooh)
She's an animal hunting in the wild, yeah (in the wild)
Doesn't move around the poor
But she come from the depth
That's why she's down to earth
An instrument of war

I'm drenched in a curse
And you don't have to worry, yeah
'Cause I know what's she worth
No, you don't have to save me
You don't have to save me

From my pretty little weapon
Ooh my baby smart, and she sharp, and she sharp, yeah
Pretty little weapon
Ooh my baby smart, and she sharp, and she sharp, yeah
Pretty little weapon
Ooh my baby smart, and she sharp, and she sharp, yeah
Pretty little weapon
Ooh my baby smart, and she sharp, and she sharp, yeah

She's a high heel killer
With the moves like thriller
Only five-star dinners
She's a sometimes sinner
Baby ain't no beginner
I got love for my little winner
Professional finesser
That's why I mess with her, yeah

I'm drenched in a curse
And you don't have to worry, yeah
'Cause I know what's she worth
No, you don't have to save me
You don't have to save me

From my pretty little weapon
Ooh my baby smart, and she sharp, and she sharp, yeah
Pretty little weapon
Ooh my baby smart, and she sharp, and she sharp, yeah
Pretty little weapon
Ooh my baby smart, and she sharp, and she sharp, yeah
Pretty little weapon
Ooh my baby smart, and she sharp, and she sharp, yeah
