

# Too Long

Leon Thomas III

Woah, woah, woah  
Woah, woah

I don't want to sleep alone  
I don't want to live alone  
The house that I'm in ain't a home  
The crowds that I'm with only show

You ain't suppose to be away from me this long  
You ain't suppose to be away from me this long  
Girl I know I did you all wrong (all wrong)  
But this is way too long for me

I think it's just want his baby back  
But you telling she don't wanna be back  
But tell me why I fix it tonight  
Just dreaming some good shit with loving every that I give up  
But kiss make me richer (Oh yeah)  
She got my fingers in too  
Cause the love I missed I wishing you here

You ain't suppose to be away from me this long  
You ain't suppose to be away from me this long  
Girl I know I did you all wrong (all wrong)  
But this is way too long for me (yeah)  
You ain't suppose to be away from me this long  
You ain't suppose to be away from me this long  
Girl I know I did you all wrong (all wrong)  
But this is way too long for me (yeah)
