LÉON

Looking in the mirror
I don't like the one I see
I can't help it, this taste
That's just how I feel

Lately, all the easy things
Seem so damn hard for me
And the worry in my chest
Won't ever leave

Is it getting better?
Are you happier than me?
Maybe, I don't need to know

Are you sleeping easy?
Do your friends talk shit about me?
Maybe, I don't need to know

I'm falling
What if I don't know myself without you?
And I'm falling, falling hard
And I thought I'd find myself without you

Now I know nothing at all
And now I know nothing at all

Last year was a mess
So many things got out of hand
Don't expect you to forgive
Or understand

But why is it so easy
To see clearly when it ends?
When it's too late to turn back
And make amends

And the summer sadness
Really gets me down anyways
And city is way too quiet

I've been doing things that
Only hurt me in the end
And I don't know why I do them

I'm falling
What if I don't know myself without you?
And I'm falling, falling hard
And I thought I found myself without you

But now I know nothing at all
Now I know nothing at all
Now I know nothing at all
Now I know nothing at all

I'm falling
What if I don't know myself without you?
And I'm falling, falling hard

And I thought I found myself without you
