Falling

LÉON

Ever since you left me I've dancing on my own
Maybe down the line I'll feel better all alone
But I don't wanna talk to strangers
Don't wanna play with players
I only wanna get back to you
I'm stuck on this emotion
If we could get a moment
I know you'd feel it too

Maybe I'm wrong
But I could be right
I don't even care
I'm losing my mind

Now I'm calling you up to see where you are
Why is it so easy to break the rules after dark
And we're falling back together we're all over each other
Tomorrow we're falling apart
Then I'm calling you up to see where you are

I wish that I could say us meeting up is getting old
I wish it wasn't easy to fool myself and lose control
I know it doesn't work
And i know it only hurts
But I keep falling in
I'll be giving you too much
You won't give me back enough
But I keep trying again

Maybe I'm wrong
But I could be right
I don't even care
I'm losing my mind

Now I'm calling you up to see where you are
Why is it so easy to break the rules after dark
And we're falling back together we're all over each other
Tomorrow we're falling apart
Then I'm calling you up to see where you are

I just can't leave it tonight
Can't get you off my mind
No, I just can't leave you tonight
Can't get you off my mind, my mind, my mind
I just can't leave it tonight
Can't get you off my mind
No, I just can't leave you tonight
Can't get you off my mind, my mind, my mind

Now I'm calling you up to see where you are
Why is it so easy to break the rules after dark
And we're falling back together we're all over each other
Tomorrow we're falling apart
Then I'm calling you up to see where you are

I just can't leave it tonight
Can't get you off my mind

No, I just can't leave you tonight
Can't get you off my mind, my mind, my mind
