

# Lost Time

LÉON

Tumbling dice  
Tears in my eyes  
Drowning in neon lights  
Whatever got me through the night  
Whatever got me through the night  
Bottomless glass  
Always the last  
Up 'til the sun would rise  
Whatever got me through the night  
Whatever got me through the night

And it's so bittersweet now looking back  
Through the clouds of smoke and the broken glass  
And when I hold you, I gotta know

Where you've been all my life  
And all the wasted nights  
We should be making up for the time we've been missing  
Making up for the time we've been missing  
Hold me tight  
'Cause we got all damn night  
We should be making up for the time we've been missing  
Making up for the time we've been missing

I couldn't miss what I'd never had  
'Til I was in your hands  
And let you love me through the night  
Let you love me through the night  
Your breath on my cheek  
No need to speak  
I'm feeling you everywhere  
And let you love me through the night  
Let you love me through the night

And it's so bittersweet now looking back  
Through the clouds of smoke and the broken glass  
And when I hold you, I gotta know

Where you've been all my life  
And all the wasted nights  
We should be making up for the time we've been missing  
Making up for the time we've been missing  
Hold me tight  
'Cause we got all damn night  
We should be making up for the time we've been missing  
Making up for the time when I didn't have you, ooh  
You, ooh  
We should be making up for the time we've been missing  
Making up for the time when I didn't have you, ooh  
You, ooh  
We should be making up for the time we've been missing  
Making up for the time we've been missing

And it's so bittersweet now looking back  
(Looking back)  
Through the clouds of smoke and the broken glass  
(Broken glass)

And all the love that left me cold  
Suddenly feel my heart unfold  
When you pull me closer

Where you've been all my life  
And all the wasted nights  
We should be making up for the time we've been missing  
Making up for the time we've been missing  
Hold me tight  
'Cause we got all damn night  
We should be making up for the time we've been missing  
Making up for the time when I didn't have you, ooh  
You, ooh  
We should be making up for the time we've been missing  
Making up for the time when I didn't have you, ooh  
You, ooh  
We should be making up for the time we've been missing  
Making up for the time we've been missing
