LÉON

Crowd is leaving and I can't even think
Got a feeling that I can't seem to say
Wishful thinking won't look my way
I used to get me higher than I have ever been
You know the place is closing

One more dance before you go
Just take me hand and hold me close
And I might be higher than I've ever been before
And I can't hold back the way I'm feeling anymore

One more dance before you go
Dance before you go

Music is fading, see you getting close
And I hear your friends saying
"Hey you, it's time to go"
And all I want is to get you all alone

But dawn is at the waiting
It don't take the last trip home
If only I could say it, like "Ooh-ooh"

One more dance before you go
Just take me hand and hold me close
And I might be higher than I've ever been before
And I can't hold back the way I'm feeling any more

One more dance before you go
Dance before you go

Now you're under my skin
I'm feeling like I'm 17
Endless dreaming about you
Don't you feel it too?

Now you're under my skin
I'm feeling like I'm 17
Endless dreaming about you, you
Don't you feel it too?
