

# Outta My Head

Leona Lewis

I keep taking  
Taking you back  
But I don't know why I do  
You keep breaking  
Breaking me down  
So I'll find somebody new  
Alright

I don't want to feel I'm there For you, for life  
And now your begging me to see you tonight

It's funny how easy you can mess me up  
Now look how easy I get you

Outta me head, outta my head  
Say goodbye  
Somebody's gonna get you  
Outta my head, outta my head  
And tonight  
I'm doing what I want to  
You made the biggest mistake  
And now I'm going to get you way  
Outta my head, outta my head  
Say goodbye  
Somebody's gonna get you

I kept taking  
Taking the blame  
And it's soring me up inside  
So defeated, losing my self  
But you'll never make me cry again  
Remember you and I didn't want things to end  
And now your tasting all the pain I was in.

It's funny how easy you can mess me up  
Now look how easy I get you

Outta my head, outta my head  
Say goodbye  
Somebody's gonna get you  
Outta my head, outta my head  
And tonight  
I'm doing what I want to  
You made the biggest mistake  
And now I'm going to get you way  
Outta my head, outta my head  
Say goodbye  
Somebody's gonna get you

Oh  
Outta my face and thoughts forever  
And maybe I can sleep and breath much better  
And finally I am seeing everything clearer  
So watch me now  
Oh  
Just watch me now

Outta me head, outta my head  
Say goodbye (goodbye)  
Somebody's gonna get you  
Outta my head, outta my head  
And tonight  
I'm doing what I want to  
You made the biggest mistake  
And now I'm going to get you way  
Outta my head, outta my head  
Say goodbye  
Somebody's gonna get you
