

Listed all the things to gather all tidiness that's left  
Has someone noticed my tired face?  
I guess it's just a matter of time  
Yes I'm offensive  
And I won't listen to anyone right now...  
A glimpse of a moment  
I thought you would lift your back  
From the throne of the ego-castle my friend  
I am taking the big bow once again  
And from now on I'm another whole year in the same position  
Yes, I'm going to freak out and I still won't listen to you  
Is there something relevant for you?

A glimpse of a moment  
I thought you would lift your back  
From the throne of ego-castle, my friend  
I'm taking the big bow once again  
I called your mom  
She said your name for the first time

If you get in my way  
I'll get in your way  
And we block each other forever  
When rolling stones collide...

Is there something relevant for you?  
Is there something important  
That glues on the back of your head right now?
