

## Eleven Hands

Leoniden

Fingertips are slit by the sisters  
Who listed your decisions of whiskers?  
Fingertips are slit by sinistral

Fingertips are slit by the sisters  
Who listed your decisions of whiskers?  
Fingertips are slit by sinistral

We try and fail our eyes are grey  
We're oversleeping everything  
Ten hands handle things that we don't get

Ten hands are crawling through your bedroom  
Through your sheets and pillows  
And sixteen of them leave

When will the six hands  
Come back to your chamber  
To make it empty again

Fingertips are slit by the sisters
