

Freaks

Leoniden

I'm not worth it just a useless piece of trash
It's pathetic how I miss you
I'm not worth it just a stupid piece of shit
It's pathetic how I miss you, yeah
I do feel confused at least this proves I'm alive

I'd rather die tonight
Than admit we messed it up
We are the freaks we stay together
I'd rather die tonight
We are the freaks we stay together

Tied forever by our love and our lies
Tied forever by our love and our lies
Soft drugs to back up our alibis
Cracked lips, red eyes
I'm not worth it just a useless piece of trash
It's pathetic how I miss you
I'm not worth it just a stupid piece of shit
It's pathetic how I miss you
But I'll keep spinning
Sometimes mothered, sometimes pushed aside
But I can't deny that I feel dead but alright
Yeah I'm still confused at least this proves I'm alive

I'd rather die tonight
Than admit we messed it up
We are the freaks we stay together
I'd rather die tonight
We are the freaks we stay together

Fellow sufferers
Yeah
You freaks, you freaks
You freaks, you freaks

I'd rather die tonight
Than admit we messed it up
We are the freaks we stay together
I'd rather die tonight
We are the freaks we stay together
