

Well I'm back  
I was sorta somewhere else but now I'm back  
But did you expect  
Did you expect it  
I was kinda misdirected got lost on the wrong track  
Let's not talk about it  
Let's not talk about it  
Let's not talk about it

How are you doing?  
It's good to see you  
My home is when I'm next to you  
My home is when I'm next to you  
Tell me, I just wanna listen  
My home is when I'm next to you  
My home is when I'm next to you

Oh wait a minute  
Where am I?  
Hold my hand  
I hold my breath  
We fall  
Oh  
It goes right over my head into what's called  
Straight into what we call love  
We were sorta somewhere else but now I'm back  
That's right were back  
Come one were back  
We where kinda misdirected got lost on the wrong track  
Let's not talk about it  
Let's not talk about it  
Let's not talk about it

(One, two)  
How are you doing?  
It's good to see you  
My home is when I'm next to you  
My home is when I'm next to you  
Tell me I just wanna listen  
My home is when I'm next to you  
My home is when I'm next to you

Do you remember  
I'm sure you remember, oh  
You know I miss my home  
I miss my place  
I miss my friends  
Yeah  
That's where we go  
Straight into what we call love  
Oh, love, love

My home is when I'm next to you  
My home is when I'm next to you  
Tell me I just wanna listen  
My home is when I'm next to you  
My home is

How are you doing?  
It's good to see you  
My home is when I'm next to you  
My home is when I'm next to you  
Tell me I just wanna listen  
My home is when I'm next to you  
My home is when I'm next to you
