

Intro (Stuck On Repeat)

Leoniden

I know it's kinda hard to be under the sea
But I just need this sweet relief
Please spit it out

Gimme a sign
Can't you see that I'm waiting?
Been waiting for months
Go on and break my heart, break my heart

Gimme a sign
Can't you see that I'm waiting?
Been waiting for months
Go on and break my heart, break my heart

Seems like your silence is killing me
We're stuck on repeat
