

L.O.V.E.

Leoniden

One, two

Try to tell you, tell you
I'm choking on my heartbeat
Every time I hear your voice
I'm more than shy, I'm paralyzed

I can spit sixteen bars
Of tongue twisters without
Stutterin', stumblin', droppin' out
But I cannot speak
When you're around

I wish you'd know I
L to the O to the V to the E to the
Y to the O to the U
But I cannot speak
When you're around
I wish you'd know I
L to the O to the V to the E to the
Y to the O to the U
But I cannot speak
When you're around
Yeah

And I love the way
I love the way we lose
I'm more than shy, I'm paralyzed

I can spit sixteen bars
Of tongue twisters without
Stutterin', stumblin', droppin' out
But I cannot speak
When you're around

I wish you'd know I
L to the O to the V to the E to the
Y to the O to the U
But I cannot speak
When you're around
I wish you'd know I
L to the O to the V to the E to the
Y to the O to the U
But I cannot speak
When you're around
Yeah

I wish you'd know I
L to the O to the V to the E to the
Y to the O to the U
But I cannot speak (But I cannot speak)
When you're around

I wish you'd know I
L to the O to the V to the E to the
Y to the O to the U
But I cannot speak

When you're around
I wish you'd know I
L to the O to the V to the E to the
Y to the O to the U
But I cannot speak (I cannot speak)
When you're around (When you're around)

I wish you'd know I
L to the O to the V to the E to the
Y to the O to the U
But I cannot speak
When you're around
